

What teaching methods will be used and will there be work outside of the class?

- The WEA tutor will use a range of different teaching and learning methods and encourage you and the group to be actively involved in your learning
- You may be asked to undertake additional work in your own time to support your learning

What kind of feedback can I expect from the tutor?

- A range of informal activities will be used by the tutor to see what you are learning which may include quizzes, question and answer, small projects and discussion
- You will be encouraged to share your work with the group and discuss your learning

What else do I need to know? Is there anything I need to bring?

- Nothing else is needed
- It would be helpful if you had access to the internet (Mobile phone, tablet or computer at home or through a library etc.)
- There will be a small booklet prepared for each chosen poet. Internet access would be useful so that materials can be distributed in advance and so that class members can exchange ideas, but this is not essential.

Pre-course work, reading and information sources

- No pre reading is required but research on the subject on the internet or in the library may be helpful
- It's a good opportunity to sort out any poetry books you have at home, to see what's online, and to investigate the nearest library.

Possible next steps after this course including career opportunities if appropriate
