

1. Discuss the impact that consumerism has on the environment.
2. Use everyday materials such as recycled goods in new and interesting ways.
3. Work in a small group to make an artwork.
4. Individually interpret creative tasks through expressive means - (art making).
5. Evidence creative and diverse experimentation with unconventional art materials.

What teaching methods will be used and will there be work outside of the class?

- The WEA tutor will use a range of different teaching and learning methods and encourage you and the group to be actively involved in your learning

What kind of feedback can I expect from the tutor?

- There will be a number of tasks appropriate to your course such as written work, creating art or craft, video, photography or small projects. Some of these may be marked to help you progress

What else do I need to know? Is there anything I need to bring?

- A selection of materials and basic equipment will be provided but you are welcome to bring additional materials with you
- Please collect and bring along interesting recyclable materials that you come across on a day-to-day basis. Please also bring your own scissors, as the teacher only has a limited supply.

Pre-course work, reading and information sources

- No pre reading or pre course work is required
- At home research is optional - but it could be interesting to check out Pinterest for ideas of recyclable art.

Possible next steps after this course including career opportunities if appropriate

- Progress to another WEA course
- Become involved with the WEA in a range of voluntary work and other activities including campaigning as a WEA member
