

2. Use the rule of third in a picture.
3. Use and name 2 more perspective techniques used in a photograph.
4. Change camera settings to suit the subject.
5. Make a photograph in manual mode.

What teaching methods will be used and will there be work outside of the class?

- The WEA tutor will use a range of different teaching and learning methods and encourage you and the group to be actively involved in your learning
- You may be asked to undertake additional work in your own time to support your learning
- You will be expected to carry out a range of activities in your own time
- You will be tasked with taking a photograph every week of a given topic. This photograph is to be printed and brought to class the next week. Every photograph will be discussed by the class.

What kind of feedback can I expect from the tutor?

- A range of informal activities will be used by the tutor to see what you are learning which may include quizzes, question and answer, small projects and discussion
- You will have opportunities to discuss your progress with your tutor
- You will be encouraged to share your work with the group and discuss your learning
- You will be encouraged to consider other students work and give your opinions and suggestions
- A file of work will be kept which will help to record your progress
- There will be a number of tasks appropriate to your course such as written work, creating art or craft, video, photography or small projects. Some of these may be marked to help you progress
- The weekly photographs are, when kept in a portfolio, a good record of progress.

What else do I need to know? Is there anything I need to bring?

- It would be helpful if you had access to the internet (Mobile phone, tablet or computer at home or through a library etc.)
- You need to bring a Digital Camera. This does not need to be a big Camera with interchangeable lenses, but it has to be a digital camera with manual functions. So no mobiles or tablets.

Pre-course work, reading and information sources

- No pre reading or pre course work is required

Possible next steps after this course including career opportunities if appropriate

- Progress to another WEA course
- Progress to a course with another provider

You can read about your entitlements and responsibilities as a WEA student in our leaflet, Student Handbook here <http://www.wea.org.uk/learn-wea/student-support> This includes information on fees, learning support and financial support. As part of your course you accept a Learning Agreement. Full details of the Learning Agreement can be found on our website at <http://www.wea.org.uk/about-us/policies>. This applies to all courses you take in this academic year.

You can enrol online for some courses <http://www.wea.org.uk/learn-wea/course-search> or contact:
