

2. Identify 10 common trees found in temperate woodlands
3. Identify 10 other plants found in woodlands
4. Describe the importance of the woodwide web
5. Describe how some plants and animals cope with seasonal changes

**What teaching methods will be used and will there be work outside of the class?**

- The WEA tutor will use a range of different teaching and learning methods and encourage you and the group to be actively involved in your learning
- An increased sense of wonder at the complexity of the natural world and why it is so important to all of us.

**What kind of feedback can I expect from the tutor?**

- A range of informal activities will be used by the tutor to see what you are learning which may include quizzes, question and answer, small projects and discussion
- You will have opportunities to discuss your progress with your tutor
- You will be encouraged to share your work with the group and discuss your learning
- Students will be encouraged to participate in biological recording outside of the classes using their improved skills and understanding of the natural world.

**What else do I need to know? Is there anything I need to bring?**

- Nothing else is needed
- All materials will be provided

**Pre-course work, reading and information sources**

- No pre reading or pre course work is required
- Just an open mind and an interest in the natural world.

**Possible next steps after this course (including career opportunities if appropriate)**

- Progress to another WEA course
- Progress to a course with another provider
- Become involved with the WEA in a range of voluntary work and other activities including campaigning as a WEA member
- There are many opportunities for involvement in citizen science projects to help provide records for monitoring plants and animals.

**Learning with the WEA**

WEA courses increasingly make use of the rich variety of educational tools and material available on the internet and from digital devices. The WEA's digital learning platform, Canvas will play an increasing role in all WEA courses to provide resources or support, or to conduct lessons, enable assessment, provide learner feedback and for other activities for individuals away from the course. It is helpful, although not essential if you have access to a computer or smartphone to support your course.

You can read about your entitlements and responsibilities as a WEA student in our leaflet, Student Handbook here <http://www.wea.org.uk/learn-wea/student-support> This includes information on fees, learning support and financial support. As part of your course you accept our Learning Agreement

and Privacy Notice. Full details of the Learning Agreement and privacy notice can be found on our website at <http://www.wea.org.uk/policies>. This applies to all courses you take in this academic year.

You can enrol online for some courses <http://www.wea.org.uk/learn-wea/course-search> or contact: WEA Support Services, Suite 10B Joseph's Well, Hanover Way, Leeds, West Yorkshire, LS3 1AB
