Course Aim
To give parents the background knowledge and confidence to become an effective parent helper in school and /or to help their children’s learning at home.

Course Description
A short course to find out how to support children’s learning.

Do I need any particular skills or experience?

What will I achieve?
By the end of the course I will be able to:

1. Identify 3 ways children can develop their learning through play
2. List 3 practical strategies to support children’s development in literacy
3. List 3 practical strategies to support children’s development in maths
4. List 3 practical strategies for encouraging children’s social, emotional and behavioural development

What teaching methods will be used and will there be work outside of the class?

- The WEA tutor will use a range of different teaching and learning methods and encourage you and the group to be actively involved in your learning
- Activities may include tutor presentation, small group work, working in pairs, class discussions, short tasks and research

What kind of feedback can I expect from the tutor?

- A range of informal activities will be used by the tutor to see what you are learning which may include quizzes, question and answer, small projects and discussion
- You will have opportunities to discuss your progress with your tutor
- You will be encouraged to share your work with the group and discuss your learning

What else do I need to know? Is there anything I need to bring?

- A selection of materials and basic equipment will be provided but you are welcome to bring additional materials with you
- It would be helpful if you had access to the internet (Mobile phone, tablet or computer at home or through a library etc.)

Pre-course work, reading and information sources

- No pre reading or pre course work is required

Possible next steps after this course (including career opportunities if appropriate)

Learning with the WEA

WEA courses increasingly make use of the rich variety of educational tools and material available on the internet and from digital devices. The WEA's digital learning platform, Canvas will play an increasing role in all WEA courses to provide resources or support, or to conduct lessons, enable assessment, provide learner feedback and for other activities for individuals away from the course. It is helpful, although not essential if you have access to a computer or smartphone to support your course.

You can read about your entitlements and responsibilities as a WEA student in our leaflet, Student Handbook here <http://www.wea.org.uk/learn-wea/student-support> This includes information on fees, learning support and financial support. As part of your course you accept our Learning Agreement and Privacy Notice. Full details of the Learning Agreement and privacy notice can be found on our website at <http://www.wea.org.uk/policies>. This applies to all courses you take in this academic year.
