

5. Develop an understanding of the cultural background of the rhythm we are studying

What teaching methods will be used and will there be work outside of the class?

- The WEA tutor will use a range of different teaching and learning methods and encourage you and the group to be actively involved in your learning
- You may be asked to undertake additional work in your own time to support your learning
- I am developing a video platform which enables learners to learn from each other and learn at home.

What kind of feedback can I expect from the tutor?

- A range of informal activities will be used by the tutor to see what you are learning which may include quizzes, question and answer, small projects and discussion
- You will have opportunities to discuss your progress with your tutor
- You will be encouraged to share your work with the group and discuss your learning
- You will be encouraged to consider other students work and give your opinions and suggestions

What else do I need to know? Is there anything I need to bring?

- Nothing else is needed
- All materials will be provided
- A selection of materials and basic equipment will be provided but you are welcome to bring additional materials with you
- It would be helpful if you had access to the internet (Mobile phone, tablet or computer at home or through a library etc.)
- I bring all the drums required for the class but if you have your own djembe you can bring it. There are lots of online resources to aid your own learning and understanding but this is not required to participate in the class.

Pre-course work, reading and information sources

- No pre reading or pre course work is required
- No pre reading is required but research on the subject on the internet or in the library may be helpful

Learning with the WEA

WEA courses increasingly make use of the rich variety of educational tools and material available on the internet and from digital devices. The WEA's digital learning platform, Canvas will play an increasing role in all WEA courses to provide resources or support, or to conduct lessons, enable assessment, provide learner feedback and for other activities for individuals away from the course.

It is helpful, although not essential if you have access to a computer or smartphone to support your course.

You can read about your entitlements and responsibilities as a WEA student in our leaflet, Student Handbook here <http://www.wea.org.uk/learn-wea/student-support> This includes information on fees, learning support and financial support. As part of your course you accept our Learning Agreement and Privacy Notice. Full details of the Learning Agreement and privacy notice can be found on our website at <http://www.wea.org.uk/policies>. This applies to all courses you take in this academic year.
