<p>Theme(s): The WEA has four themes it uses for planning its provision. Employability – helping students to get a job or to make progress in their employment Health and Wellbeing – making a positive contribution to their own or others health and wellbeing Community Engagement – encouraging students to be positively involved in their communities Culture – learning about diverse cultures, identities and environments</p> <p>The Theme(s) used in planning your course is/ are:</p> <ol style="list-style-type: none"> Employability Community Engagement 		

Course Aim

To equip students with some understanding of how science is taught in primary schools

Course Description

Students will explore how primary pupils are learning science and how they can support children's learning in the classroom or at home

Do I need any particular skills or experience?

- No skills or experience needed

What will I achieve?

By the end of the course I will be able to:

1. Identify ways I can support children's learning and interest in science
2. Carry out at least one simple experiment that I can demonstrate with young children
3. Identify next steps on the schools and parenting Pathway

What teaching methods will be used and will there be work outside of the class?

- The WEA tutor will use a range of different teaching and learning methods and encourage you and the group to be actively involved in your learning

- Activities may include tutor presentation, small group work, working in pairs, class discussions, short tasks and research

What kind of feedback can I expect from the tutor?

- A range of informal activities will be used by the tutor to see what you are learning which may include quizzes, question and answer, small projects and discussion
- You will have opportunities to discuss your progress with your tutor
- You will be encouraged to share your work with the group and discuss your learning

What else do I need to know? Is there anything I need to bring?

- Nothing else is needed
- All materials will be provided

Pre-course work, reading and information sources

- No pre reading or pre course work is required

Possible next steps after this course (including career opportunities if appropriate)

- Progress to another WEA course
- Become involved with the WEA in a range of voluntary work and other activities including campaigning as a WEA member
- Become involved as a volunteer for a WEA partner or another organisation

Learning with the WEA

WEA courses increasingly make use of the rich variety of educational tools and material available on the internet and from digital devices. The WEA's digital learning platform, Canvas will play an increasing role in all WEA courses to provide resources or support, or to conduct lessons, enable assessment, provide learner feedback and for other activities for individuals away from the course. It is helpful, although not essential if you have access to a computer or smartphone to support your course.

You can read about your entitlements and responsibilities as a WEA student in our leaflet, Student Handbook here <http://www.wea.org.uk/learn-wea/student-support> This includes information on fees, learning support and financial support. As part of your course you accept our Learning Agreement and Privacy Notice. Full details of the Learning Agreement and privacy notice can be found on our website at <http://www.wea.org.uk/policies>. This applies to all courses you take in this academic year.

You can enrol online for some courses <http://www.wea.org.uk/learn-wea/course-search> or contact: WEA Support Services, Suite 10B Joseph's Well, Hanover Way, Leeds, West Yorkshire, LS3 1AB Tel: 0300 303 3464 Email: courseenquiries@wea.org.uk
