| <b>Fee:</b> £144.00 or <b>Free</b> if you are in receipt of an income related benefit (only SFA funded)<br><b>Accreditation Fee</b> (if applicable): £13.30  |                                 |                                  |
| <b>Venue:</b> Online Learning, Online Learning, ZZ99 9ZZ   |                                 |                                  |
| <p><b>Theme(s):</b> The WEA has four themes it uses for planning its provision.<br/> <b>Employability</b> – helping students to get a job or to make progress in their employment<br/> <b>Health and Wellbeing</b> – making a positive contribution to their own or others health and wellbeing<br/> <b>Community Engagement</b> – encouraging students to be positively involved in their communities<br/> <b>Culture</b> – learning about diverse cultures, identities and environments</p> <p>The Theme(s) used in planning your course is/ are:</p> <p>1. <b>Employability</b>                                  2.</p> |                                 |                                  |

**Course Aim**  
This course will introduce some basic maths and help to build your confidence. You will develop your maths skills through everyday tasks and get ready for progression onto a City & Guilds Entry 1 Functional Skills Maths qualification.

**Course Description**  
Before you can join this course, you will need to talk to a member of staff and do an initial assessment to make sure the course is right for you. For more information and to book an appointment please call 0300 303 3464.  
This course is for you if you want to develop the basic maths skills you need in your daily life – for shopping, travel, health and home life. You will learn mental and written methods for addition and subtraction and start to work with lists, charts and tables.

**Do I need any particular skills or experience?**  
- You will need your own personal email address so that you're able to login to the WEA's digital learning platform: WEA Canvas. You will need to be able to understand how to follow URL links to pages on the internet. If you want to understand more about Canvas please visit:  
<http://bit.ly/WEAonline>

- You will need to be able to follow links to join our WEA live video learning platform: WEA Zoom. If you'd like to understand more about our video learning platform, Zoom please visit: <http://bit.ly/WEAonline> and <http://bit.ly/ZoomSpec>
  - This course is for a group of around 15 students studying in a live video-learning platform conference and an online digital learning environment platform from the comfort of your own home.
  - Before you can join the course, you will take an initial assessment so the tutor can make sure the class is right for you.
- You must be a fluent speaker of English  
You do not need any Maths qualifications.

### **What will I achieve?**

#### **By the end of the course I will be able to:**

1. Recognise, write and count with numbers up to 20
2. Add and subtract numbers up to 20
3. Name some basic mathematical 2D and 3D shapes
4. Use a calculator to check answers
5. Read information from simple with lists, graphs and charts

### **What teaching methods will be used and will there be work outside of the class?**

- The WEA's digital learning platform, Canvas will be used to provide resources or to support lessons, enable assessment, provide learner feedback and for other activities for individuals away from the course. If you want to understand more about our digital learning platform please visit: <http://bit.ly/WEAonline>
  - The WEA tutor will use a range of different teaching and learning methods and encourage you and the group to be actively involved in your learning
  - You will be expected to carry out a range of activities in your own time
  - WEA classes are friendly and supportive.
- You will work together with other students and the tutor, as well as working on your own. Everyone is encouraged to take part as much as they can.

### **What kind of feedback can I expect from the tutor?**

- You will be able to keep a record of your progress and achievement using photos, audio, text or documents uploaded into the WEA's digital learning platform, WEA Canvas.
  - Your tutor will provide written, text and audio feedback recorded in WEA Canvas, WEA's digital learning platform.
  - You will be able to keep a digital portfolio of your work on WEA's digital learning platform, Canvas.
  - You will have opportunities to discuss your progress with your tutor
  - You will be encouraged to share your work with the group and discuss your learning
  - At the start of the course, the tutor will help you to choose individual learning goals.
- Regular feedback will help you to see what you can do and the things you need to keep working on. The tutor will explain what the exam will be like, and give you lots of practice so you know what to expect.

### **What else do I need to know? Is there anything I need to bring?**

- What you need: You will need an internet connection, speakers, a microphone and a webcam so that you can use our video learning platform, Zoom. If you'd like to understand more Zoom please visit: <http://bit.ly/ZoomSpec>
- You will also need access to the internet outside of your sessions. You could do this using a smart phone, tablet, laptop or a desktop computer (at home or through a library etc.).
- You will need a personal email address to join the WEA's digital learning platform, Canvas so that you can receive resources, record your progress and achievement and to work with others and share ideas. If you want to understand more about our digital learning platform please visit: <http://bit.ly/WEAonline>
- The tutor will give you work for most lessons and can tell you about other books or websites that will help if you want to study more at home.

### **Pre-course work, reading and information sources**

- You will have access to course resources and links to wider learning through the WEA's digital learning platform, Canvas: <http://bit.ly/WEAonline>
- Students do not need to do anything before the course. However, it is useful to think about where you use maths in everyday life and where you find this difficult. The tutor will use this information to support you as you develop your maths skills.

### **Possible next steps after this course (including career opportunities if appropriate)**

- Progress to another WEA course
- Progress to a course with another provider
- Become involved with the WEA in a range of voluntary work and other activities including campaigning as a WEA member
- Become involved as a volunteer for a WEA partner or another organisation
- Access the WEA What Next? booklet here <http://www.wea.org.uk/learn-wea/what-can-i-do-next>

### **Learning with the WEA**

WEA courses increasingly make use of the rich variety of educational tools and material available on the internet and from digital devices. The WEA's digital learning platform, Canvas will play an increasing role in all WEA courses to provide resources or support, or to conduct lessons, enable assessment, provide learner feedback and for other activities for individuals away from the course. It is helpful, although not essential if you have access to a computer or smartphone to support your course.

You can read about your entitlements and responsibilities as a WEA student in our leaflet, Student Handbook here <http://www.wea.org.uk/learn-wea/student-support> This includes information on fees, learning support and financial support. As part of your course you accept our Learning Agreement and Privacy Notice. Full details of the Learning Agreement and privacy notice can be found on our website at <http://www.wea.org.uk/policies>. This applies to all courses you take in this academic year.

You can enrol online for most courses <http://www.wea.org.uk/learn-wea/course-search> or contact: WEA Support Services, Suite 10B Joseph's Well, Hanover Way, Leeds, West Yorkshire, LS3 1AB Tel: 0300 303 3464 Email: [courseenquiries@wea.org.uk](mailto:courseenquiries@wea.org.uk)
