

### **What teaching methods will be used and will there be work outside of the class?**

- The WEA's digital learning platform, Canvas will be used to provide resources or to support lessons, enable assessment, provide learner feedback and for other activities for individuals away from the course. If you want to understand more about our digital learning platform please visit: <http://bit.ly/WEAonline>
- You may be asked to undertake additional work in your own time to support your learning
- The course will be a combination of presented material (including going through exercises together as a group) and individual exercises, you will get more from the course if you can work through some exercises between classes although this is not a requirement.

- What you need: You will need an internet connection, speakers, a microphone and a webcam so that you can use our video learning platform, Zoom. If you'd like to understand more Zoom please visit: <http://bit.ly/ZoomSpec>

- The course 'Ancient Egyptian Hieroglyphs for False Beginners' will follow-on directly from this one.

### **Learning with the WEA**

WEA courses increasingly make use of the rich variety of educational tools and material available on the internet and from digital devices. The WEA's digital learning platform, Canvas will play an increasing role in all WEA courses to provide resources or support, or to conduct lessons, enable assessment, provide learner feedback and for other activities for individuals away from the course. It is helpful, although not essential if you have access to a computer or smartphone to support your course.
