Course Aim

Using simple folk tunes students will have the opportunity to explore and develop their musical skills through online ensemble playing and practice.

Course Description

This course is aimed at beginners with a basic understanding of their instruments. It offers the opportunity to become more confident with your chosen instrument by learning and playing a range of popular traditional folk tunes both individually and as a part of an online ensemble. You will gain more understanding of basic musical language, performance skills and how to learn and practice tunes.

When playing online all students will be muted but you will hear the tutor playing live and be able to play along.

Students will need to supply their own instrument with the focus on guitar, violin, ukulele and melodeon. Other instrument players welcome also.
