<p><b>Theme(s):</b> The WEA has four themes it uses for planning its provision.  <b>Employability</b> – helping students to get a job or to make progress in their employment  <b>Health and Wellbeing</b> – making a positive contribution to their own or others health and wellbeing  <b>Community Engagement</b> – encouraging students to be positively involved in their communities  <b>Culture</b> – learning about diverse cultures, identities and environments</p> <p>The Theme(s) used in planning your course is/ are:</p> <p>1. <b>Community Engagement</b>    2. <b>Employability</b></p>		

<p><b>Course Aim</b>  To enable you to support your primary aged child with their maths homework and to strengthen your own maths skills.</p>
<p><b>Course Description</b>  Ever felt out of your depth when helping your primary aged child with their maths homework? Do you calculate things differently and feel a bit lost? Then this is the course for you. We will look at the topics your children will have to learn and will use the methods they are taught in primary school now so you can become familiar with the terminology. This short course will look at aspects of number, measures, shape and space and handling data. This course is a fully online with no physical meeting space, accessing the course through Canvas our virtual learning environment and zoom a video conferencing software.</p>
<p><b>Do I need any particular skills or experience?</b></p>
<p><b>What will I achieve?</b>  <b>By the end of the course I will be able to:</b></p> <ol style="list-style-type: none"> <li>1. Be able to calculate using the newer methods of addition, subtraction, multiplication and division.</li> <li>2. Convert between simple fractions, decimals and percentages.</li> <li>3. Calculate perimeters, areas and volumes of simple shapes.</li> </ol>

4. Read and interpret information from graphs and charts and present your results using graphs and charts.

5. Calculate averages and probabilities.

### **What teaching methods will be used and will there be work outside of the class?**

- The WEA's digital learning platform, Canvas will be used to provide resources or to support lessons, enable assessment, provide learner feedback and for other activities for individuals away from the course. If you want to understand more about our digital learning platform please visit:

<http://bit.ly/WEAonline>

- The WEA tutor will use a range of different teaching and learning methods and encourage you and the group to be actively involved in your learning

- You may be asked to undertake additional work in your own time to support your learning

### **What kind of feedback can I expect from the tutor?**

- Your tutor will provide written, text and audio feedback recorded in WEA Canvas, WEA's digital learning platform.

- A range of informal activities will be used by the tutor to see what you are learning which may include quizzes, question and answer, small projects and discussion

- You will have opportunities to discuss your progress with your tutor

- You will be encouraged to share your work with the group and discuss your learning

- There will be a number of tasks appropriate to your course such as written work, creating art or craft, video, photography or small projects. Some of these may be marked to help you progress

### **What else do I need to know? Is there anything I need to bring?**

- What you need: You will need an internet connection, speakers, a microphone and a webcam so that you can use our video learning platform, Zoom. If you'd like to understand more Zoom please visit: <http://bit.ly/ZoomSpec>

- You will also need access to the internet outside of your sessions. You could do this using a smart phone, tablet, laptop or a desktop computer (at home or through a library etc.).

- You will need a personal email address to join the WEA's digital learning platform, Canvas so that you can receive resources, record your progress and achievement and to work with others and share ideas. If you want to understand more about our digital learning platform please visit:

<http://bit.ly/WEAonline>

- It is helpful if you have an A4 lined pad and some coloured pens and a ruler, pencil and protractor as we will use these along the way.

### **Pre-course work, reading and information sources**

- No pre reading or pre course work is required

### **Possible next steps after this course (including career opportunities if appropriate)**

- Progress to another WEA course

- Progress to a course with another provider

- Access the WEA What Next? booklet here <http://www.wea.org.uk/learn-wea/what-can-i-do-next>

### **Learning with the WEA**

WEA courses increasingly make use of the rich variety of educational tools and material available on the internet and from digital devices. The WEA's digital learning platform, Canvas will play an increasing role in all WEA courses to provide resources or support, or to conduct lessons, enable assessment, provide learner feedback and for other activities for individuals away from the course. It is helpful, although not essential if you have access to a computer or smartphone to support your course.

You can read about your entitlements and responsibilities as a WEA student in our leaflet, Student Handbook here <http://www.wea.org.uk/learn-wea/student-support> This includes information on fees, learning support and financial support. As part of your course you accept our Learning Agreement and Privacy Notice. Full details of the Learning Agreement and privacy notice can be found on our website at <http://www.wea.org.uk/policies>. This applies to all courses you take in this academic year.

You can enrol online for most courses <http://www.wea.org.uk/learn-wea/course-search> or contact: WEA Support Services, Suite 10B Joseph's Well, Hanover Way, Leeds, West Yorkshire, LS3 1AB
