Course Aim

To explore a variety of operas and styles, from the popular to the unfamiliar and to enable you to watch performances with understanding and enjoyment.

Course Description

We will explore a selection of operas, designed to give a representative view of the genre. By discussing the various aspects which make up an opera - eg:- music, libretto, singers, orchestra, production, context and culture at its time of writing and of watching - you will be able to form a judgement about how opera functions. This will help you to watch opera with a greater understanding of how a composer's concept is either reproduced or redefined and how this affects the performance of works from another culture's attitudes and expectations.

Do I need any particular skills or experience?

What will I achieve?

By the end of the course I will be able to:

1. Listen and watch opera with increasing understanding.
2. Place operas in their musical, political, cultural and historical context.
3. Describe different operatic styles.
4. Demonstrate knowledge of how an opera is put together.
5. Express an informed opinion on the operas you see and hear.
