

### **What teaching methods will be used and will there be work outside of the class?**

- The WEA's digital learning platform, Canvas will be used to provide resources or to support lessons, enable assessment, provide learner feedback and for other activities for individuals away from the course. If you want to understand more about our digital learning platform please visit: <http://bit.ly/WEAonline>
- The WEA tutor will use a range of different teaching and learning methods and encourage you and the group to be actively involved in your learning
- Recipes will be provided for you to try at home if you wish, but this is not compulsory. If you would like to do extra research, or show the rest of us additional information, this will be welcome but again not required.

### **What kind of feedback can I expect from the tutor?**

- You will be able to keep a record of your progress and achievement using photos, audio, text or documents uploaded into the WEA's digital learning platform, WEA Canvas.
- A range of informal activities will be used by the tutor to see what you are learning which may include quizzes, question and answer, small projects and discussion
- You will have opportunities to discuss your progress with your tutor

### **What else do I need to know? Is there anything I need to bring?**

- What you need: You will need an internet connection, speakers, a microphone and a webcam so that you can use our video learning platform, Zoom. If you'd like to understand more Zoom please visit: <http://bit.ly/ZoomSpec>
- You will also need access to the internet outside of your sessions. You could do this using a smart phone, tablet, laptop or a desktop computer (at home or through a library etc.).
- You will need a personal email address to join the WEA's digital learning platform, Canvas so that you can receive resources, record your progress and achievement and to work with others and share ideas. If you want to understand more about our digital learning platform please visit: <http://bit.ly/WEAonline>
- The webcam is not required, but highly encouraged: I can teach you without seeing your face. I would suggest a full-size screen rather than a phone so that you can read slides.

### **Pre-course work, reading and information sources**

- No pre reading or pre course work is required

### **Possible next steps after this course (including career opportunities if appropriate)**

- Progress to another WEA course
- This is part 1 of the course: I would recommend progression to part 2.

### **Learning with the WEA**

WEA courses increasingly make use of the rich variety of educational tools and material available on the internet and from digital devices. The WEA's digital learning platform, Canvas will play an increasing role in all WEA courses to provide resources or support, or to conduct lessons, enable assessment, provide learner feedback and for other activities for individuals away from the course. It is helpful, although not essential if you have access to a computer or smartphone to support your course.

You can read about your entitlements and responsibilities as a WEA student in our leaflet, Student Handbook here <http://www.wea.org.uk/learn-wea/student-support> This includes information on fees, learning support and financial support.
