

What will I achieve?

By the end of the course I will be able to:

1. Solve problems using addition, subtraction, multiplication and division of two and three digit numbers
2. Identify properties of 2D and 3D shapes including lines of symmetry, length, right angles
3. Read and use common fractions, including $\frac{1}{3}$, $\frac{1}{5}$, $\frac{1}{10}$, and equivalent fractions, to calculate, measure or estimate
4. Read, estimate and use measurement in practical contexts, e.g. measuring a room to paint or weighing food items for a recipe using the right equipment
5. Extract, interpret, organise and present information in tables, diagrams, simple graphs and bar charts

What teaching methods will be used and will there be work outside of the class?

- The WEA's digital learning platform, Canvas will be used to provide resources or to support lessons, enable assessment, provide learner feedback and for other activities for individuals away from the course. If you want to understand more about our digital learning platform please visit: <http://bit.ly/WEAonline>

- The WEA tutor will use a range of different teaching and learning methods and encourage you and the group to be actively involved in your learning

- You will be expected to carry out a range of activities in your own time

- WEA classes are friendly and supportive.

You will work together with other students and the tutor, as well as working on your own. Everyone is encouraged to take part as much as they can.

What kind of feedback can I expect from the tutor?

- You will be able to keep a record of your progress and achievement using photos, audio, text or documents uploaded into the WEA's digital learning platform, WEA Canvas.

- Your tutor will provide written, text and audio feedback recorded in WEA Canvas, WEA's digital learning platform.

- You will be able to keep a digital portfolio of your work on WEA's digital learning platform, Canvas.

- You will have opportunities to discuss your progress with your tutor

- You will be encouraged to share your work with the group and discuss your learning

- At the start of the course, the tutor will help you to choose individual learning goals.

Regular feedback will help you to see what you can do and the things you need to keep working on.

The tutor will explain what the exam will be like, and give you lots of practice so you know what to expect.

What else do I need to know? Is there anything I need to bring?

- What you need: You will need an internet connection, speakers, a microphone and a webcam so that you can use our video learning platform, Zoom. If you'd like to understand more Zoom please visit: <http://bit.ly/ZoomSpec>

- You will also need access to the internet outside of your sessions. You could do this using a smart phone, tablet, laptop or a desktop computer (at home or through a library etc.).

- You will need a personal email address to join the WEA's digital learning platform, Canvas so that you can receive resources, record your progress and achievement and to work with others and

share ideas. If you want to understand more about our digital learning platform please visit:

<http://bit.ly/WEAonline>

- The tutor will give you work for most lessons and can tell you about other books or websites that will help if you want to study more at home.

Pre-course work, reading and information sources

- You will have access to course resources and links to wider learning through the WEA's digital learning platform, Canvas: <http://bit.ly/WEAonline>

- Students do not need to do anything before the course. however, it is useful to think about where you use maths in everyday life and where you find this difficult. The tutor will use this information to support you as you develop your maths skills.

Possible next steps after this course (including career opportunities if appropriate)

- Progress to another WEA course

- Progress to a course with another provider

- Become involved with the WEA in a range of voluntary work and other activities including campaigning as a WEA member

- Become involved as a volunteer for a WEA partner or another organisation

- Access the WEA What Next? booklet here <http://www.wea.org.uk/learn-wea/what-can-i-do-next>

Learning with the WEA

WEA courses increasingly make use of the rich variety of educational tools and material available on the internet and from digital devices. The WEA's digital learning platform, Canvas will play an increasing role in all WEA courses to provide resources or support, or to conduct lessons, enable assessment, provide learner feedback and for other activities for individuals away from the course. It is helpful, although not essential if you have access to a computer or smartphone to support your course.

You can read about your entitlements and responsibilities as a WEA student in our leaflet, Student Handbook here <http://www.wea.org.uk/learn-wea/student-support> This includes information on fees, learning support and financial support. As part of your course you accept our Learning Agreement and Privacy Notice. Full details of the Learning Agreement and privacy notice can be found on our website at <http://www.wea.org.uk/policies>. This applies to all courses you take in this academic year.

You can enrol online for most courses <http://www.wea.org.uk/learn-wea/course-search> or contact: WEA Support Services, Suite 10B Joseph's Well, Hanover Way, Leeds, West Yorkshire, LS3 1AB Tel: 0300 303 3464 Email: courseenquiries@wea.org.uk

The Workers' Educational Association (WEA) is a charity registered in England and Wales (number 1112775) and in Scotland (number SC039239) and a company limited by guarantee registered in England and Wales (number 2806910). Registered Office: Workers' Educational Association, 4 Luke Street, London, EC2A 4XW
